# MISSISSIPPI

Dear Fellow Mississippians:

On behalf of the Mississippi Department of Corrections (MDOC), I am pleased to present our Fiscal Year 2009 Annual Report. The report provides an in-depth profile of the state's felony population, along with the agency's many functions and operations.

In a continued effort to serve the state with prudent accountability, fiscal responsibility, and excellence in public service, MDOC maintained its traditional efficiencies for progress during Fiscal Year 2009. Highlights of this effort include:

## Educational Programs Offered to Inmates

Over the course of the past year, educational programs available for inmates resulted in 4,156 inmates successfully completing the programs including, General Education Development (GED) 513 inmate graduates, Vocational Trade 499 inmate graduates, Alcohol & Drug programs 3,144 inmate graduates.

## Inmates at Parchman Received College Degrees

Twenty-eight (28) Mississippi State Penitentiary inmates received Bachelor of Arts degrees from the New Orleans Baptist Theological Seminary. Candidates for the Bachelor of Arts degree must satisfactorily complete the five-year (5) faith-based program which is fully accredited by the Southern Association of Colleges and Schools. The program is fully funded by the Mississippi Baptist Theological Seminary and the Inmate Welfare Fund.

## Labor Provided to Government and Non-profits

Offenders in the state's community work centers provided \$20,634,495 million dollars in free labor to local, county, state and non-profit charitable organizations throughout the state during the fiscal year. Inmate labor saved taxpayer dollars while also allowing offenders to learn a trade.

## MDOC Converted to Electronic Medical Records

A comprehensive electronic medical record system that automates patient records and provides clinicians fast access to complete patient records has been implemented by the agency. The system is now operating in the three (3) state prisons, eleven (11) county/regional correctional facilities and seventeen (17) community work centers in MDOC. Planning is underway for implementation in the five (5) private prisons.

#### New Inmate Re-entry Facility Opened in Walnut Grove

A new transition facility for inmates opened in March 2009. The Walnut Grove Transition Center provides opportunities for offenders by providing housing, job training and placement for qualified inmates.

#### New Animal Care Program Operating at Parchman

Utilizing wild horses adopted from the Bureau of Land Management, inmates at the Mississippi State Penitentiary (MSP) can now acquire the job skills necessary to become certified horse trainers through the care and training of equine stock in the newly established Parchman Animal Care and Training Program. Operated under the Agricultural Enterprises Department at MSP, MDOC was awarded a \$50,000 grant over five (5) years from the Bureau of Land Management to obtain and train wild mustangs from federal lands.

As we move forward, MDOC remains deeply committed to performing at our best as leaders in corrections, while vigorously developing measures to operate more efficiently. Our mission of providing public safety is only matched by our pledge to be good stewards of the state's resources.

Sincerely,

### Programs

The Division of Community Corrections is charged with the supervision of offenders that are still under the jurisdiction of the state. The division conducts field supervision of offenders and oversees a variety of programs that afford offenders an opportunity to re-assimilate into the community. This Division is led by Deputy Commissioner Lora Cole.

#### **Field Services**

The Field Services component of the Division of Community Corrections is responsible for the supervision of offenders released on parole, intensive supervision (ISP), earned release supervision (ERS), medical release and those sentenced by the court to probation or ISP.

#### **F.R.E.E. (Facing Reality Educationally and Emotionally)**

The MDOC Division of Community Corrections has thirteen F.R.E.E. treatment coordinators located statewide that assist field officers in monitoring offender's treatment needs for substance abuse. In addition, treatment coordinators teach a structured life skills curriculum twice a month to assist offenders in other areas of their life that have been affected by their substance abuse problems.

#### **Interstate Compact**

The State of Mississippi participates in the Interstate Compact for Adult Offenders. Under the terms of the compact agreement, the Mississippi Department of Corrections (MDOC) provides courtesy supervision to probationers and parolees from other states in exchange for courtesy supervision of Mississippi offenders residing in other states.

#### **Pre-Trial Diversion**

The Pre-Trial Diversion program is an alternative to felony conviction in which a defendant voluntarily submits to supervision ranging from six months to three years. Charges against the offender may be dismissed if the period of supervision is successfully completed.

#### **Intensive Supervision Program**

The Intensive Supervision Program (ISP) is designed to provide a level of supervision in a community setting to offenders who would otherwise be incarcerated. Offenders are required to wear electronic monitoring equipment and are limited in most cases to employment, treatment, and worship services activities. Each offender in ISP maintains inmate status and can be immediately placed in an MDOC facility upon violation of the program.

#### **Drug Testing**

Community Corrections field officers are responsible for routine and reasonable suspicion drug testing of offenders and random drug testing of 15% of the offender population each month.

### Programs

#### **Restitution Centers**

There are four Restitution Centers in Mississippi that assist residents in obtaining employment as a condition of their probationary sentence. Money earned by residents is distributed to crime victims for restitution, courts for court costs and fines, and MDOC for room and board. The remainder of the resident's wages, after taxes, goes to the resident's family or to the resident's holding account. Upon completion of the program, residents are transferred to a field officer and remain under supervision for the remainder of their probationary sentence.

#### **Community Work Centers**

The MDOC Community Corrections Division oversees 17 Community Work Centers throughout Mississippi. Minimum security inmates are assigned to these centers and are provided a gradual, re-introduction into community life. The program includes alcohol and drug counseling, Adult Basic Education and GED preparation, literacy classes and religious programs.

Each Community Work Center houses approximately 102 inmates that perform a wide range of labor at no cost to city, county and state government agencies and to school districts. This work ranges from community beautification projects to bridge and road work repair, vehicle maintenance, and water, sewer, and sanitation details.

#### **Inmate Labor**

The offenders that serve their sentences in Community Work Centers provide free labor to municipalities, counties and other state agencies. A sample of the work they perform includes highway beautification, facility maintenance, road work, and equipment maintenance. In FY 2009, the offenders in the community work centers provided entities with 3,177,660 total inmate hours, valued at minimum wage to equal \$20,634,495.40 in free labor. For the same 12 months the residents in the restitution centers provided entities with 21,768 total resident community service work hours valued at minimum wage to equal approximately \$141,000 in free labor.

### Mississippi Prison Agriculture Enterprises

One mission of the farm program is to decrease inmate idleness and to cut budget costs for the taxpayer. During FY 2009 inmates worked 777,400 hours in the agriculture program.

For the crop year 2009, Agriculture Enterprises planted approximately 1,291 acres of vegetables, 119 acres of rice, 1,228 acres of corn, 550 acres of wheat, and 2,320 acres of soybeans.

The poultry facility is in full production with a 36,000-layer capacity. A total of 581,140 dozen eggs were delivered to MDOC food services with a non-cash value of \$654,250 in FY 2009.

The swine operation weaned 976 litters averaging 7.44 pigs per litter with 7,257 pigs weaned. The farrowing equated to an average of 1.91 litter/sow annually. Feeder hogs marketed totaled 5,250 for \$547,783. Mississippi Prison Agriculture Enterprises (MPAE) began shipping light hogs to an outside processor in May 2001. There have been 1,106 light hogs processed with a processed weight of 109,062 pounds that was donated to MDOC food service with a value of \$102,585 during FY 2009. The breeding herd received 119 raised gilts in the herd. The current inventory for breeding, farrowing, nursery, and finishing is 3,977.

The inventory of commodities carried over from FY 2009 had a value of \$171,828. This figure includes feed mill inventory, seed, fertilizer, and chemicals not expended during FY 2009.

Non-cash sales for FY 2009 vegetable, egg sales, and pork processed were \$2,130,012. The total pounds of vegetable non-cash sale for FY 2009 was 2,993,322. Egg sales consist of 581,140 dozen.

Vegetable value is based on the USDA Atlanta Market Report. All processed vegetables and eggs were provided to the MDOC Food Service Department. MPAE has sold eggs and vegetables to employees, some private correctional institutions and regional facilities to generate cash dollars of \$6,876.41.

On June 30, 2009, the Agricultural Enterprises Special Fund had a balance of \$496,200.55. Cash income received for Agricultural Enterprises, including deposits in transit, totaled \$3,025,654.71.

MPAE completed construction of the feed mill during FY 2002 year. The three 42,000 bushels grain bins are used for on-farm storage of corn grown by MPAE and is utilized by the feed mill. This is a cost savings on outside storage and trucking fees. The total cost of the feed mill was \$864,394.81. During FY 2009 the feed mill produced over 18 different feed rations for hog and chicken consumption. They produced 4,970 tons at a price to livestock of \$1,110,323.

The work staff includes 18 positions. At the present time 15 positions are filled and MPAE has five (5) contract employees.

### Treatment Programs Alcohol and Drug

**Mission Statement:** The mission of the Alcohol and Drug (A&D) Program is to provide treatment and rehabilitation services to offenders who have a history of substance abuse problems or who commit alcohol and drug related crimes. The goal is to correct the offender's attitude and behavior that supports criminal thinking.

#### **Mississippi State Penitentiary**

**Unit 30 A-B:** The Alcohol and Drug Therapeutic Community Treatment Centers (ADTC-TC) at Unit 30 total 432 therapeutic community treatment beds. Unit 30 consists of two housing buildings (Buildings A and B), with two housing zones in each of the two buildings (Zones A & B). Each housing zone accommodates 108 offenders. Adjacent to each housing building is clinical staff office space. Group rooms and classrooms are in the Unit 30 compound.

The Therapeutic Community Program is a long-term program only. Offenders must have at least six to thirty months remaining on their sentence to enter the program.

**Unit 29-A:** This is a long-term A&D Treatment Program for Special Needs (i.e., HIV/AIDS) offenders who are within six to thirty months of their earliest release date. This program began operation as a Therapeutic Community in April 2002. Prior to that, it operated as a Long Term Program.

**Unit 31:** This is a traditional 12-Week A&D Program based on the principles of Alcoholics Anonymous offered at Unit 31 for special needs (disability) offenders.

#### **Central Mississippi Correctional Facility**

This is a 12-week traditional Alcohol and Drug Treatment in operation for female offenders at the Central Mississippi Correctional Facility (CMCF). A long-term program (6 months to 12 months) is also available at CMCF for female offenders. In addition, a 12-week Treatment Program is also available at CMCF for special needs (disability) male offenders.

#### **South Mississippi Correctional Institution**

A traditional Alcohol and Drug Treatment Program was started in June 2000 at the South Mississippi Correctional Institution (SMCI), Leakesville, Mississippi, for general population offenders. This program is 12 weeks in duration. It was started primarily for Judicial Review cases that do not have six months remaining on their sentences upon entry to the Central Mississippi Correctional Facility (CMCF), Pearl, Mississippi, the point of entry for inmates into the Mississippi Prison System. This program also serves parole and ISP offenders. In addition, SMCI provides an Alcohol and Drug component in the Regimented Inmate Discipline (RID) Program. In September 2005, a long-term (6 months) program was started for general population offenders. In July 2006, a short-term (12 weeks) A&D program was implemented for CWC returnees. The CWC program has been changed to 4 weeks in duration.
